

Does your workplace have more than 30 employees ?...

If so, in 2009, you will be required under recent changes to the *Workers Rehabilitation and Compensation Act* to appoint a **Rehabilitation and Return to Work Coordinator** (RRTWC).

WorkCover requires that the nominated RRTWC undertakes training by an Approved Training Provider, to gain the essential skills needed to effectively manage workplace injuries and coordinate workers' safe and timely return to work after injury.

Corporate Health Group has been accepted by WorkCover as an Approved Training Provider, and we are pleased to be able to offer your organisation's nominated RRTWC this training.

Corporate Health Group has a proud history of providing the highest quality of workplace health services to South Australian employers. We have approached our new role as a RRTWC training provider with the commitment that we will provide the **highest quality training** available to employers in this state using experienced trainers and the resources of our doctors and therapists.

How will this be achieved ? Corporate Health Group's approach to innovative and effective return to work services is proven – that's why we were selected as the winner of the Service Provider Achievement Award in the inaugural WorkCover Recovery and Return to Work Awards in 2007. Furthermore, our own return to work outcomes consistently exceed the state average and more than 50% of this state's GP's with the *best* return to work outcomes are in our own Work Health Clinics! We would *love* to support your RRTWC in following a **proven approach** to achieving excellent rehabilitation and return to work outcomes with injured workers.

So the solution is simple. If you have more than 30 employees, **register soon** to undertake this essential training program with our experienced staff.

Our **2009 Training Calendar** is attached for your information. Call our *Training Hotline* on (08) 8354 9888 to discuss your needs or to register your nominated RRTWC to attend one of our metropolitan or regional training courses. If your nominated RRTWC wishes to seek **recognition of prior learning**, we can help.

On behalf of Corporate Health Group, we look forward to assisting your organisation to **move into the future of workplace rehabilitation and return to work**.
